Dear Race with Grace Participants,

Here's an update where we are with results.

The results before 49:49 and after 1:13:47 were from the timing when the generator was working. The times from 49:49 (bib 762) through 1:04:22 was directly from video. If you are an "unknown" we could not see your bib number in the footage. Please let us know if you are in here. Those after 1:04:22 and before 1:13:47, we do not have. Please send times to events@fleetfeetrochester.com.

We can not stress enough how very very sorry we are for the delay and inconveniences.

On the last few pages are those that are either "unknowns" since we couldn't see their bib number OR finished after 1:04:22 and 1:13:47.

Regards,

Boots & Ellen
